

# Submit Your Art for an Online Secret Art Auction to Support the Independent Arts Centre in Taunton - Creative Innovation Centre CIC

Over the past 8 years CICCIC have supported and promoted over 2000 artists and designers at our centre through online promotional campaigns, exhibitions, publications, workshops and events. Creative Innovation Centre CIC lives and breathes the arts and exists for the sole purpose of linking audiences to the arts for the benefit of all.

## WHY SUBMIT ARTWORK FOR CICCIC?

We are trying to raise funds to keep our independent gallery and arts centre open in Taunton after the disastrous impact of the pandemic on this community facility.

We know at this time of extreme financial pressures it is not possible for everyone to find money to support every good cause but we are aware that art auctions can provide a platform for fundraising which is affordable for the majority.

## HOW YOU CAN HELP

We are looking to create an on-line arts auction with a target of 100 artists participating. We would like each artist to submit a minimum of 2 x A5 images (no bigger than 15 x 21cm) which will then be auctioned online and sold to the highest bidder. Each image submitted should have the name of the artist, title of the work and any signatures on the reverse to create a 'blind sale' of the pictures auctioned. A minimum fixed price of £40 will be asked for each picture. Artist will need to supply their A5 postcard image and cover their postage. The artist can choose the surface appropriate to their work. No bigger than 15 x 21cm.
